

COBALT BOATS **A29**

ASERIES

At the Center of Life's Important Moments

Designed for discerning boating families who demand the very best, Cobalt's A-Series delivers unmatched elegance, luxury and performance to create a truly peerless boating experience.

The much anticipated A29 takes A-Series luxury to a new level of innovation featuring the Splash & Stow system, which eliminates the traditional way of transporting, deploying and retrieving of heavy-duty yacht-style inflatables. With features for everyone in the family, time on the water will be times they'll never forget.

Upholding the Cobalt legacy of performance and handling via an extended running surface that facilitates quicker planing, surer turns, and minimized bow rise, the A29 is exceptionally stable at high speeds, providing additional confidence for drivers and unmatched comfort for passengers.

The A-Series is Cobalt's ultimate luxury offering, and the A29 doesn't disappoint in this area. From the cockpit to the cabin to the bow lounges, the A29 includes unique appointments, leather steering wheel and LED overhead lighting – a combination designed to give any boater a day, or night, on the water to remember.

A captain-focused double-wide helm offers the Cobalt glass cockpit with dual 10" or optional 12" Garmin instrumentation, ergonomically positioned controls and a rich, custom-stitched console. Another innovative feature of the A29 is the optional hydraulic swim platform, which lowers well below the water's surface for easy entry or exit. It functions as the perfect home base for water-borne activity.

The A29 has every amenity and creature comfort on the market and then some. The day cabin features various head options and a hidden sink with faucet option. Other features include a wireless charging, port-side walkthrough floor plan, and much more – make the A29 without peer among runabout boats.

Bringing the whole family together on-board your A29 will always be remembered as one of life's important moments.
