R35 OUTBOARD

R35 OUTBOARD

Premium Size, Outboard Power.

Welcome Aboard Our Top-of-the-Line Outboard.

The new standard in outboards has arrived, courtesy of the largest and most advanced of our R-Series, the R35 Outboard. Combining advanced design and technology and with consummate comfort and luxury, the all-new R35OB gives you more thrills with every cruise.

Its 35' 4" LOA and 10' 10" beam offers the capacity to accommodate a full complement of family and friends while incorporating the elegant lines, smooth ride, agile handling and thoughtful amenities that come standard with every Cobalt. Powered by your choice of up to three Yamaha or Mercury engines, the impressively fast, yacht-certified R35 Outboard is also equipped with a mix of advanced features that only enhance your boating pleasure.

Popular Cobalt firsts like a Harman Kardon audio system that's acoustically tuned to your boat, Seakeeper gyroscopic stabilization, and the built in electric sunshade, are joined by such all-new options as the aft Tender Garage, Helm Watch, which gives your guests direct access to charts and cabin controls, and a patent pending space-saving, auto-deploy galley that deploys at the touch of a button.

The large cabin accommodates both seating and a full-beam, queen-sized mattress, an optional built-in smart TV and a wealth of ultra-fast USB-C charging stations and cupholders help you anticipate your passengers' entertainment needs.

When you're ready for premium size with outboard power, the new R35 Outboard is ready for you.

R35 OUTBOARD

Ready for adventure...
Equipped with timeless innovation.

Twin 600 Verado Black w/Joystick	600 hp	447 PkW
Twin 600 Verado White w/Joystick	600 hp	447 PkW

Advanced Capabilities.

Customer-Inspired Innovation.

Inspired by and for our discerning customers, Cobalt has always sought to deliver more: more performance, more luxury, more comfort and, above all, a more memorable boating experience.

In keeping with this goal, Cobalt has since its inception set the standard by which day boats are measured, to help ensure that your time on the water is everything you expect it to be. Here are just a few of the many thoughtful advances we've pioneered:

- ☞ Cobalt has created a fully finished Aft Tender Garage capable of storing two 10'6" BOTE paddleboards and two sea scooters. A large rear hatch allows accessing the toys to deploy to the water, while hatches forward allow access from the cockpit.
- ☞ The first boat brand to offer a custom-tuned Harman Kardon audio system
- ☞ The Seakeeper for Cobalt, the industry's best-in-class gyroscopic stabilizer that eliminates 95% of boat roll
- ☞ The new Deployable Galley option with a sink, microwave and optional electric grill, developed for the R35
- ☞ The new "Helm Watch" option, which provides passenger-side screen views and controls for the stereo and other cabin features, also introduced on the R35
- ☞ A Deep Freezer/Fridge that combines two appliances in one unit, introduced on the R35
- ☞ A dedicated storage cradle for a Yamaha Seascooter underwater propulsion unit
- ☞ The Cobalt flip-up seat bolster, for better views over the windshield
- ☞ The standard equipment Arch with Hartop provides generous coverage over the cockpit, and is available in a white or black finish. For even more shade we offer the optional bow and aft Sail Shades or an optional built-in Electric Awning.

STANDARD EQUIPMENT

Dash and Instrumentation

Compass, Digital
Composite Helm Eyebrow, Custom Stitching
Depth & Water Temp Gauge Pkg.
Glass Cockpit, Dual Garmin 8610
Hour Meters
Stainless Steel Switches
Steering Wheel, Black Leather/Stainless Steel
USB/USB-C Receptacle Charger

Exterior

Anchor Locker
Arch w/Hard Top
Bow Scuff Plate, Stainless Steel
Cleats (Bow, Midship, Stern)

Windlass, Fresh Water Washdown

Your Personal Voyage of Discovery.

America's Boat-Building Experts.

As our owners have known for more than 50 years, there's nothing quite like a Cobalt. Their high standards have led us to excel in every way we can to keep them satisfied, as well as to keep them coming back for an even more satisfying boating experience.

As a result, our ongoing commitment to performance, luxury, innovation and overall excellence has made Cobalt owners passionate about their boats, and welcoming to the other boaters in the Cobalt family who share their values.

That commitment is shared as well by the team of boat designers and builders in Neodesha, Kansas, who work to ensure that every innovation, feature and capability meet the high standards our customers expect, and that the Cobalt promise – Experience Extraordinary – is fulfilled in every Cobalt model.
